

# Summer Session Financial Update: Awareness

**Maja:** Andy, does it smell like Up Cougs out here to you?

**Andy:** What's Up Cougs?

**Maja:** Not much.

**Maja & Andy:** What's up with You Cougs!!

**Maja:** Hey, we've heard you're going to be attending Summer Session. And we think that's pretty awesome!

**Andy:** Have you ever attended Summer Session before? If you haven't, it's a great way to get ahead in your coursework, catch up on courses, or maybe your curriculum requires it.

**Maja:** Whatever your reason may be, we have some information that is going to help you be successful in Summer Session!

**Andy:** And there are GREAT resources for you such as deadlines, dates, fees, etc.

**Maja:** One resource available is Summer Session Office. This is where you can find out about all the courses being offered, the tuition charges, and all the dates and deadlines for each of the sessions.

Another resource is our office, Student Financial Services. We have information about the cost of attendance and types of aid that are available. You can check all of that information out on our website.

**Andy:** Here are some great tips in order to help you get through Summer Session. First off, talk to your academic advisor as far as planning out our coursework for the whole academic year.

Second, talk to Student Financial Services to find out what kind of funding is actually available to you.

And along those same lines, creating a budget so that you can get through not just Summer, but the whole academic year.

**Maja:** Cougs does that sound doable?

**Andy:** We hope so.

**Maja:** Stay tuned for our next two videos on financial aid and budgeting.
